## EUSA Liaison Report for TC 402 2017

**F**OLLOW  
UP

Meeting on 2017-09-05

## **EUSA Report for the 9<sup>th</sup> TC 402 Plenary Meeting Helsinki, September 2017**

EUSA has formally met once this year in Athens, Greece and has a second meeting planned for 21<sup>st</sup> and 22<sup>nd</sup> September.

The EUSA Presidency will then be handed over to Sweden for the next two years.

### **European Standards**

#### **TC 402**

EUSA has noted the achievements of TC 402 and its work on the development of the three parts of EN 16582 (WG1), the three parts of EN 16713 (WG2), EN 16927 (WG3) and the CEN Enquiry for EN 17125 (WG4).

The requests for clarification on EN 16582 and EN 16713 and some suggested New Work Items to amend the standards are also noted.

#### **TC 136**

EUSA is also aware of the ongoing revision of EN 15288 on the Design and Operation of (Public) Swimming Pools and of some of the swimming pool equipment standards (EN 13451). Chris Hayes remains as EUSA's liaison person for TC 402, with Mille Ornmark providing updates on TC 136.

### **Other European standards**

A number of swimming pool chemical standards are being revised and there are discussions about developing a standard for efficacy of chemicals in treating pool and spa water.

### **EUSA Awards**

The fourth EUSA Awards were held this year at Piscine Forum, in Bologna, Italy. The awards are open to any of the fourteen National Associations that are members of EUSA and this year there were 5 domestic award categories (indoor pools, outdoor pools, spas, hot tubs and pools with enclosures).

### **Market data**

EUSA generates data (based on estimates) for pool installations in Europe and provided a presentation at Piscine Global, in Lyon (November 2016) .

### **EUSA membership**

A reminder to all countries represented at TC 402, that Full Membership of EUSA is open to any National Swimming Pool and / or Spa Association, within the EU. Other European countries may also join EUSA as Associate Members and they are able to contribute equally to the discussions (but whenever applicable, they have no voting rights).
